

KSBCBSCU wants to help you unleash the power of savings

This year's theme for National Credit Union Youth Month is Unleash the Power of Saving at Your Credit Union. We want young members to know that there is power in saving. Saving money will help you make your dreams a reality.

Saving money can be daunting for young members but it doesn't have to be. The first step is usually the hardest but once it's taken, the power of saving is unleashed. This will propel you forward in your financial journey.

Kansas Blue Cross Blue Shield Credit Union has the tools young members need to help unleash the power of saving. With a youth savings account that earns compound interest, young members can deposit small amounts on a regular basis and watch their savings increase. The earlier they start a savings account, the

more it will grow, and the easier it will be to achieve their dreams. Learning this good financial habit at a young age will set them up on the path of successful financial well-being.

If you have been wondering how to empower your kids to save for their future, National Credit Union Youth Month is a great opportunity to start! Join us this April as Credit Unions across the country encourage youth to start saving regularly. This celebration is a great time to engage kids at Kansas Blue Cross Blue Shield Credit Union and within your community to help them learn that saving, no matter how small the amount, can help them achieve their dreams. Every youth making a deposit will receive a small gift and be entered in a drawing for cash prizes.
